submits the municipal Bd's resolution stating that there is no necessity for the appointment of an Assistant Sanitary Inspector & that under the circumstances explained the present Mal mistaddy alone may be kept on a salary of Rs. 15 with a change in the designation viz. "Municipal Overseer".

(16) The resolution now received seems also to be a reiteration of the former one, contradicting the principles enunciated in the Health Scheme Order no. 9301-19/MC 67-03 dt 8.4.1905 Subd. proceedings.

(17) The grounds now urged by the Municipal Council of Sagar are altogether different from those urged by them in Jany 1914 for rejecting the suggestion of the Govt to replace the present municipal mistaddy by a competent trained Asst San. Sir,

I have the honor to acknowledge the receipt of your letter No 6689/Rel 53-12-18 dated the 3rd March 1913 with reference to the proposal of the Municipal Board of Sagar to appoint a municipal overseer on Rs 15/- for the municipality in place of the Muhaddi on Rs 8+2. The attention of the Board having been invited to Government order No 9301/Rel 67-03 dated the 8th April 1905 directing that in a municipality with a population of 5000 and under there should be a Sanitary Inspector or Assistant Sanitary Inspector, that body

body at its meeting held on the 26th July 1913
resolved that as its finances did not admit
of the entertainment of an Assistant Sanitary
Inspector for the town the pay of the present
municipal Muntasir may be raised to Rs 12-1-15
It was thereupon pointed out to the Board
that as its average income and expenditure
for the past 5 years amounted to Rs 5180 and
Rs 4037 respectively it could well afford
the extra expenditure for employing an
Assistant Sanitary Inspector, and the Board
was requested to reconsider the subject the
matter was accordingly reconsidered by the
Board at its meeting held on the 31st January
1914 when it was resolved that the question
of appointing an Assistant Sanitary Inspector
may be considered after some experience
is gained of having a municipal Muntasir
on Rs 12-1-15 and that although the Board's
finances appeared to be in a flourishing
condition a good deal of money is
to be spent on the improvement of Rs

and buildings &c. A copy
latest resolution is enclosed.

2. I Submit the matter for the orders of Government. In my opinion the appointment of an Assistant Sanitary Inspector is very necessary for this important town. The Municipal Board can well afford the increased expenditure which would amount to a maximum of Rs 420/- a year, as will be seen from the enclosed Statement showing the opening balance, income, expenditure and closing balance of the municipality for the 5 years ending 1912-1913 during which the municipality's funds have increased from Rs 4266/- to Rs 9957. The proposal to have a Matriculate on Rs 12-1-15 in place of one on Rs 8-2 will not result in any corresponding benefit as it is proposed to retain the present untrained man for the higher appointment and is apparently made on personal Considerations with reference to the services of the present incumbent

incumbent. The Sub Division Officer of Sagar has also expressed the opinion that it is necessary to get a trained Assistant Sanitary Inspector

Resolution.

The Board are unanimously of opinion that there is no necessity for the appointment of an Assistant Sanitary Inspector as the present Municipal Mutsaddy is capable of taking any work on hand. He is a technically trained man and is competant to carry out even the big work if there is any chance of them being sanctioned.
